

VETERANS INITIATIVE

"SERVING THOSE WHO SERVE"

HABITAT FOR HEROES: Habitat for Humanity of Greater Los Angeles (HFH GLA) recognizes our veteran population is rapidly growing, with thousands throughout Los Angeles struggling to meet everyday needs, including decent and affordable housing. HFH GLA encourages low-income veterans interested in homeownership and home repair needs to apply. Applications are received on a first come, first served basis.

EMPLOYMENT: HFH GLA has many employment opportunities from construction to accounting. For a current list of all of our positions go to www.habitatla.org/employment.

CONSTRUCTION TRAINING: Through our Cornerstone Construction Training Program, veterans can acquire basic construction and home rehabilitation skills. Graduates are encouraged to pursue Crew Leader Training and are expected to serve as volunteer team leaders on our HFH GLA build sites.

VOLUNTEERISM: Veterans, military personnel and their families understand the meaning of service better than anyone and can play a key role in shaping our communities. We invite our veteran community to join us through one of the various volunteer opportunities available including; working on new homes, renovating and repairing rehabs, volunteering in our ReStores, serving on a committee or special event teams.

ADVOCACY: Many veterans in Los Angeles County lack permanent housing. With the rising number of returning military personnel, the need for affordable housing options will continue to increase. Building more homes is not the only solution; changes in legislative policies are equally important. We encourage you to become an advocate for change and let your voice be heard.

YOUTH PROGRAMS: Veterans' children, ages 5-25, can become involved with HFH GLA's work too! From leadership opportunities to fundraising and advocacy campaigns, young people can lend a helping hand and voice to further our work and mission.

WE SERVE. WE HONOR. WE BUILD.
