THE HOUSE THAT YOUTH BUILT!

Students, teachers, parents and youth groups participate in the Habitat for Humanity of Greater Los Angeles'

 nickels
for nails
FUND DRIVE

April 18-
May 15, 2010

Help raise \$150,000 to fund the second youth-sponsored home. Make a difference through **Nickels for Nails**. See, first hand, how donating extra nickels can make a life-altering difference for one deserving family.

Students, teachers, parents and youth group coordinators who sign up will receive a label for their coin collection container along with a how-to guide about starting a successful fund-drive. Teachers can also download curriculum plans to educate their students about the growing housing crisis and how everyone can help in the cause.

The group who raises the most funds during the drive is eligible to win a prize and be highlighted on our website and in our print newsletter.

All youth participating in Nickels for Nails are invited to meet the partner family and attend the groundbreaking and housewarming celebrations. In addition, young people 16 years of age and older can sign up to build the home.
